

Principal Cullen Of School No. 3 Died Wednesday

Well-Known Educator Became an Instructor in Kingston's Schools in 1896, and 37 of Those Years He Had Served as Principal of the Downtown School.

Principal Patrick H. Cullen of public School No. 3, died suddenly of heart disease about 10 o'clock Wednesday evening at his home, 191 West Chester street, after a service of 37 years as a member of the faculty of Kingston's public schools, 35 years of which were spent as principal of School No. 3. Principal Cullen celebrated his 67th birthday on March 15 of this year.

Principal Cullen had devoted practically his entire life to his work as an educator. He was born in the Wilbur section of the city, the son of the late Thomas and Bridget Cullen, and graduated from the old Wilbur grammar school. Soon after graduation he began his work as an educator teaching at the old Rock Lock school for several years before becoming a member of the Kingston school system. His first connection with the school system was in 1896 when he was appointed principal of School No. 1, and when the school system was consolidated he was transferred to the principalship of School No. 3, where he has since remained with the exception of a short time as principal of School No. 5.

During the 37 years that he had faithfully and efficiently served Kingston as an educator he became widely and favorably known, not only in Kingston but the Hudson river valley. His work as head of School No. 3 will long be remembered and many of the residents of Kingston recall with pleasure the years spent as a scholar in that school.

Mr. Cullen was a man of culture and was noted as an after dinner speaker, and his services were greatly in demand. He spoke before organizations and societies, groups of educators and Parent-Teacher Associations, civic and religious groups. He was extremely witty, and his addresses were spiced with humor and common sense.

But it is as head of School No. 3 that Principal Cullen is best remembered, and it was there that he did his best work as instructor and leader. Principal Cullen was taken ill with a heart attack on Tuesday while at the school and so severe was the attack that he was forced to return to his home. Wednesday morning he thought that he would be able to resume his duties at the school, but he was seized with another attack which resulted fatally that evening.

In the death of Principal Cullen the public school system of Kingston has lost one of its most colorful and outstanding educators, a man whose opinion was sought by others. He is survived by his wife, Mrs. Anna Thompson Cullen, and a daughter, Miss Helen Cullen of New York; two sons, John and Daniel Cullen, and two brothers, Edward Cullen of Brooklyn and Frank Cullen of Long Island City.

Funeral services will be held from the late home Saturday morning at 8:45 o'clock and at St. Peter's Church at 9:30 o'clock where a Requiem Mass will be offered for the repose of his soul. Interment will be in St. Mary's cemetery.

Find Three Bodies In Oklahoma House

Daughter's Return Reveals Mother's Murder Mystery of Mother and Two Child—Believed Dead Since Friday Night.

Lawton, Okla., Nov. 2 (AP)—Three bodies, locked in a red frame house, gave investigators here today a murder mystery as baffling as a fiction thriller. Breaking into the Robert F. Hayter home, officers last night found the bodies of Mrs. Hayter, 50, and her children, Nell, 14, and Sidney, 17, on the floors of two second story rooms. Lights blazed and gas jets were open.

Mrs. Hayter and Sidney had been shot through the head; Nell had been clubbed, apparently by a baseball bat. Apparently they had been dead since last Friday night, since the mother was clad in the dress she had worn to a lodge meeting then. Hayter, a traveling salesman who had been out of town for several weeks, was in Oklahoma City. He left immediately for Lawton.

All the doors were locked and blocked with chains. Just one window was unbarred.

The return of Virginia Hayter, 21, a daughter who teaches school at Walters, led to discovery of the bodies.

Encourages Quaker Faction.

Manila, P. I., Nov. 2 (AP)—Jacob G. Schurman of New York, diplomat and educator, encouraged the Quaker independence faction upon his arrival here today when he predicted President Roosevelt and congress would listen sympathetically to a plea for a revision of independence terms. Schurman, who was president of the first Philippine commission, received much attention in the Manila newspaper columns because of his recent statement that "America's task in the Philippines is completed."

NO EXPLANATION

The large sums of money appropriated for work relief were intended to be fairly distributed among those needing work and the work itself to be of a character which would be of benefit to the city. Instead, political favoritism has to a large extent entered into the distribution of this money. Mr. Flanagan's board (and Mr. Flanagan) cannot explain this away.

\$4,000 Home of "Billy" and "Nanny"

FORSYTH PARK ANIMAL HOUSE.

One of the expenditures listed under the Work Relief accounts is the Forsyth Park animal house, estimated to cost the taxpayers \$1,000, but actually costing the sum of \$4,024.33. The animal house houses those good friends of the children, "Nanny" and "Billy," well known members of the goat family.

Conrad J. Heiselman, alderman-at-large, and candidate to succeed himself, in a recent speech referred to the "house in the park" saying "I believe in the billgoats having a home, but their home cost almost as much as mine."

Mr. Heiselman, together with other Kingston taxpayers may not be so far wrong—perhaps they were "goats" of the work relief board.

Affidavits Charge Work Relief Cards Are Used Politically

Three Cases Presented in Which Workers Sought Labor From Bureau—Claim Made That Politics Enters Situation.

The following affidavits offered to the Freeman for publication charge that work relief cards are being issued in a political manner, so as to secure votes for Democratic candidates in Kingston. The affidavits are clear and self-explanatory.

STATE OF NEW YORK, COUNTY OF ULSTER, SS.—LAWRENCE SNYDER being duly sworn says as follows: That he resides at No. 65 Gage Street, Kingston, New York. That on Friday, October 27th, 1933, one Ward Relea was posting signs and pictures of candidates of Howard supervisor in the Second Ward. I went over by him and he asked me if I was working. I told him I was not working, and he asked me how my family voted. I told him they always voted Republican. He quired if I could get my family to vote for Murphy, supervisor in the Third Ward. He told me if I could get my mother to vote for Murphy I would get a card to go to work on the relief.

Subscribed and sworn before me this 1st day of November, 1933. LAWRENCE SNYDER. Notary Public, RUFUS D. KELLER.

State of New York, County of Ulster, SS.

Paul Khederian being duly sworn deposes and says as follows: That he resides at No. 46 Farrelly street, Kingston, New York. That on October 20th, 1933, at about five o'clock, right after I registered Murphy came out and asked me if I had put my name for registration at the Relief Office. I told him "no." He says, "I will put your name on the list. You will get a card to go to work next Monday." I asked him how this would be, and he said, "I am telling you so, when you get the card you will know where it comes from." I received a work card on Saturday, October 21st. Report for three days work at Sherman street, at Lincoln street on October 23rd, in time to go to work at 8 o'clock a. m. Local Work Relief Bureau.

Attached hereto is the card to report for work. The date stamped at the Kingston, N. Y. Post Office says it was dated on October 21st, 1933, at 5:30 o'clock a. m. Subscribed and sworn to before me this 1st day of November, 1933. PAUL C. KHEDERIAN. RUFUS D. KELLER, Notary Public.

State of New York, County of Ulster, ss.

Emerick Schilling being duly sworn says as follows: That he resides at No. 87 Stephan street, Kingston, N. Y. That on or about October 23rd, I went to the Work Relief office. I saw Mr. Necker and he referred me down stairs, where they took my name and address for work. A gentleman who was in there steps up and asks me on going out if I knew Murphy, and I said to him "who do you mean, Dennis?" and he said yes. "See Dennis and I would be taken care of." I saw Mr. Murphy the same afternoon and he wanted to know what I would do for him, and I told him I made no promises, in which he said he would call up and see what he could do for me. So I called at Mr. Murphy's that evening, asked his mother if Mr. Murphy was home and she said

Five Governors Take Price Fixing Demands To Washington Today

Middle Western State Leaders to Call Upon Roosevelt With Own Plans. Reporting Farmers in Discontented Striking Mood—Would License Farmers.

Washington, Nov. 2 (AP)—Five middle western governors, reporting their farmers "in a striking mood, discontented and impatient," made ready today to put their inflation, price-fixing licensing plan before President Roosevelt.

This picture of agrarian reactions was drawn by Governors Herring of Iowa, Berry of South Dakota and Langley of North Dakota as they awaited Governor Olson of Minnesota and Schmedeman of Wisconsin before going to the White House.

All agreed that the present administration program "has merit" but that it was working too slowly. Fresh from a governors conference at Des Moines, they sought immediate price-fixing for the principal commodities produced in their states, an "NRA code for farmers" under which farmers, processors and distributors would be licensed, and direct inflation.

"What is needed is help right now when the farmer has something to sell," they said.

Wadsworth Predicts End of Constitution

Geneva, N. Y., Nov. 2 (AP)—Picturing "a vast bureaucracy stretching all over the nation," Representative James W. Wadsworth (R. N. Y.) last night predicted the end of the constitution if the present recovery measures are "carried to their logical conclusions" at the end of the two-year emergency period.

"Liberty will no longer be important," he said, "and the citizens no longer the master, but the servant of the government." He called upon the Democratic party to perform "a great service to the republic by resisting the temptation of this vast patronage system and standing true to the principles of Jefferson."

Referring to the agricultural adjustment administration's program of slaughtering surplus pigs and plowing under cotton, Representative Wadsworth described these as "artificial measures, shots in the arm calculated to stimulate us for a while, but which can not bring lasting farm prosperity."

He addressed a Republican rally here.

Graf Zeppelin Arrives Home. Friedrichshafen, Germany, Nov. 2 (AP)—The Graf Zeppelin arrived today, completing its homeward journey from the United States. It was forced to cruise over the air field for some time before landing, because of rain.

He was taking a bath. I asked her if she would not ask Mr. Murphy if he had heard anything about work for me. Mr. Schilling and he replied "no." He also asked me how my father stood and I told him I did not know. I have not received any card as yet.

Walton Cites Bills to Thumbnail Sketches Remove Reservoir Tax Give Graphic Side From Ulster County Of Foreign Actions

Investigation of Records Show Attempts are Continually Being Made to Exempt New York City Water System from Tax.

November 2d, 1933. To the Editor of the Kingston Daily Freeman, Kingston, New York.

Dear Sir: I read with much surprise and considerable interest a portion of the speech of Mr. Browning, the Democratic candidate for member of Assembly, as reported in Saturday's Leader, in which he referred to certain remarks made by Mr. Elting relative to the introduction of bills exempting municipal water systems from taxation.

Mr. Browning states that his investigation has failed to reveal any such bills ever having been voted upon in the Assembly. He seeks to lead one to the belief that such bills had not been introduced. There have been many introduced, and the only reason that they have not been voted upon is because of the Republican control of the Assembly, which did not permit them to be reported from the respective committees to which they were referred. The reason for their not having been reported was undoubtedly due to the activity of Assemblyman Conway and his predecessors, who have been alert to this situation as far as the county of Ulster is affected.

For the information of the electors of this assembly district and in order to clear any misunderstanding that may exist in relation to this matter, I beg respectfully to call their attention to senate bill, Int. 103, Print No. 104, which was introduced in the senate on January 16, 1932, by Senator Byrne of Albany county, and which was an act to amend the tax law in relation to exempting from taxation aqueducts of a municipally owned water system, and the companion bill of like effect was introduced by Assemblyman Swartz of the 16th assembly district of New York City.

An examination of the legislative index for 1932 discloses the fact that this bill passed the Democratic senate on April 8, but failed to pass the Republican assembly.

For the further information of the electors, I also call their attention to bill introduced in the senate on January 20, 1932, being Int. No. 214, Print No. 221 by Mr. Gates, which was an act to amend the tax law in relation to exempting from taxation aqueducts of a municipally owned water system. And also on January 29, 1930, there was introduced in the senate a bill, Int. No. 457, Print No. 469, 2237, being an act to amend the tax law in relation to assessments of aqueducts of municipally owned water systems. The amendment in question provides "that the underground pipes and aqueducts of any municipally owned water system shall be allowed a deduction from the full value thereof of the outstanding bonded indebtedness given for the construction of the same except the underground pipes and aqueducts of the municipal water system in the city of New York which shall be entirely exempt from taxation."

There have been other bills of like nature introduced. It thus will be readily seen that the statements made by Mr. Elting in relation to introducing bills to exempt the property of a municipally owned water system from time to time is correct and it is necessary for the representatives of the county of Ulster continually to be alert that the rights of its residents and taxpayers should be protected. New York City has far larger interests at stake than any other municipality in regard to this specific matter. The far reaching effect of these bills to the county of Ulster and towns in which municipally owned water supply systems are located is hard to estimate, but so far Ulster county has been fortunate in having representatives who have zealously guarded its interests.

I would like to say at this time that I have observed with great interest the work of Assemblyman J. Edward Conway from this county. He has performed his duties with marked ability, integrity and fidelity, and has at all times, ably and zealously represented the best interests of his constituents.

The election of a Republican Assembly this year is of paramount importance, not only to the people of Ulster county, but to all of the people of the state of New York, for the reason that if there is a Democratic Assembly and Democratic Senate, the Democratic representatives have already given notice that county lines would be obliterated, and upstate counties would be under the domination of the Democratic party of our larger cities, which would mean a re-apportionment of the state in such a manner as would deprive the people of their rights which now exist so far as county and local government is concerned.

Very truly yours, CHARLES W. WALTON. Treasury Receipts. Washington, Nov. 2 (AP)—The position of the treasury on October 31 was: Receipts for October 31, \$15,767,236.14; expenditures, \$14,736,263.78; net balance, \$930,972.36. Customs receipts for the month (since July 1), \$927,643,126.29; expenditures, \$1,469,549,755.96; including \$339,312,403.71 for emergency relief. Excess of expenditures, \$481,906,628.57.

Nation Should Know By Midnight Tuesday About Dry Law Death

Ballots in Six States Will Tell Tale. Although Ratification Cannot Come Before December 5—Three More States Out of Six Voting Needed to Swing Issue.

Washington, Nov. 2 (AP)—By next Tuesday midnight the nation should know whether the Eighteenth Amendment is to be deleted from the constitution.

Ballots in six states will tell the tale, although actual ratification of the results, in state conventions, cannot come before December 5.

Kentucky Tuesday postpones tabulation of ballots for a day, but returns from Pennsylvania, Ohio, Utah, and North and South Carolina should show the outcome.

Administration leaders express no doubt about the result, claiming that all these states will join the wet parade now numbering 32 commonwealths. Thirty-six states are necessary for ratification of the substitute constitutional amendment, leaving but three to be added.

The hours, in eastern standard time, at which the polls close in the six states are: Pennsylvania, 7 p. m.; Ohio, 6:30 p. m.; Utah, 9 p. m.; North Carolina, sundown, about 5:20 p. m.; South Carolina, 4 p. m., except 5 p. m. in three cities; and Kentucky 5 p. m., with the count deferred a day.

Early tabulation is expected in most of the states because of the few issues before the voters. Reports to administration officials from the states indicate: Pennsylvania, wets leading by substantial margin.

Kentucky, anti-prohibitionists confident of a majority.

Ohio, dries expect to force a close vote. Utah, a tight squeeze for wets as dries pursue fight.

North Carolina dries in western section along with complicated voting forecasts uncertain outcome. South Carolina, wets forcing ahead despite little interest.

Besides repeal elections Tuesday, one of the three-cornered mayoral contest in New York city, and election of assemblies in New York, Virginia, Kentucky and New Jersey are scheduled.

PLANS COMPLETE FOR FASHION SHOW, DANCE

Last night's rehearsal foretold a fine performance of the Fashion Show to be held tonight at the Jewish Community Center, together with the annual Fall Dance.

The well-decorated stage and runway make a pleasing background for the garments which will be displayed. There will be a showing of afternoon and evening dresses, sports clothes, coats, furs and millinery. Many of these are authentic reproductions of the season's imported successes.

The Paramount Orchestra will furnish music for dancing. The proper lighting equipment has been secured for shadow dancing. This, together with other novel features, will provide a varied and enjoyable dance program.

Center members and their friends are urged to come and spend an enjoyable evening. The Center is almost entirely dependent on the proceeds of this dance if it is to attempt to carry out its program of activities.

ANDREW STREET RESIDENT REPORTED MISSING, HOME

Shortly after 9 o'clock Wednesday evening the police department received a message from Mrs. Decker stating that James H. Decker of 95 Andrew street, who had been reported missing, had returned home.

J. Edward Conway of this city, the Republican nominee to succeed himself as member of assembly, has clearly demonstrated to the people of Ulster county his wisdom, capability and sound judgment in representing his constituency. Not only have his home people recognized these traits which are so essential in the holder of that office, but through his sheer ability and industry he has so impressed observers in state affairs as to command their attention and respect.

Mr. Conway was elected to the office of member of assembly last November and assumed his duties at the opening of the session in Albany in January, 1933. His keen insight into legislative affairs and his conscientious devotion to the welfare of the people whom he served led to his early appointment to four important legislative committees, among which was the committee on internal affairs which is probably one of the most important in the assembly, and the members of which are more heavily burdened than the members of any other committee with the execution of but a few.

The procedure in the state legislature is necessarily intricate and involved because of the rules and regulations prescribed for the conduct of its affairs. This generally makes it most difficult for a new member of the assembly to "find himself" or render any considerable service to his people until he has served for several terms. Recognizing that this was the general rule, Mr. Conway immediately upon his setting out to learn the fashion in which legislative business was conducted. His training as a lawyer thereupon became of great assistance and in a short while he had acquired a knowledge of affairs equivalent to that possessed by many members of years' experience.

Although Mr. Conway is acutely aware that the criterion is not the number of laws the legislator introduces and is a firm believer in the maxim that those are best governed who are least governed, his record indicates a complete grasp and a thorough understanding of the problems of Ulster county. He introduced and secured the passage in the assembly of a bill which made it possible for the city of Kingston to accord to its taxpayers the privilege of paying taxes in installments.

Early in the session he introduced one of the first "Mortgage Relief" bills and in discussing the measure before the committee to which the bill was referred stated definitely that he was not motivated by the pride of authorship in presenting the measure, but that he suggested the plan because of the dire necessity of the people of the state, and that while he would not insist on the passage of his bill as drawn, he would accept any compromise bill that would effect the same relief. Subsequently a similar measure was presented which met his approval and which he supported on the floor. This bill passed both houses and is now the law.

He also directed his attention to widespread abuses of the provisions of the absentee ballot law which had cost the county of Ulster and many other counties throughout the state substantial sums of money in the operation and investigation of alleged abuses, and so amended the law as to end such abuses and guarantee to every legitimate voter that his vote is not nullified by the fraud of another. This amendment was recently tested in the Supreme Court where its validity was upheld by Supreme Court Justice John T. Loughran, October 28, 1933.

Mr. Conway also introduced a measure which provided for the payment of a minimum wage on Public Works contracts and thereby insured the payment of a fair rate of wage to such labor. His record also indicates that he was among the leaders to wage the fight for the repeal of the excessive fees on automobile trucks, and which fight was successfully concluded by such repeal. His support of the Milk Control legislation and his active cooperation with this who sought to cut the state budget are matters of record. Mr. Conway not only believed in reduction of state expenses but joined with other members of the legislature in accepting a voluntary reduction in his own salary although the greater number of Democratic members from New York City refused to accept such reduction and received their salaries in full.

When an attempt was made to have the legislature of the state of New York ratify the proposed amendment to the United States constitution whereby the federal jurisdiction over all children under the age of 18 years, Assemblyman Conway in conjunction with the majority of the Assembly by their votes prevented the passage of such a measure. In so doing he was motivated by his desire to continue the protection now afforded the children under the splendid laws of the state of New York, realizing as he did that the moment the federal government obtained jurisdiction through such an amendment, the state of

Herbert C. Myers Is A Capable Supervisor

Popular Republican Candidate for County Office in the Third Ward Has Been Tried and Tested—Served Well for the Past Two Years and Previously as Alderman.

HERBERT C. MYERS

"If Herb Myers is elected supervisor of the Third Ward, the residents of that section of the city will have the same efficient representation in the county legislature as they did in the common council, for the Republican candidate is out to give the same attention to their interests there as he did in the board of aldermen."

Myers two years ago when he ran for and was elected to the office of supervisor after efficiently serving as alderman for two years. And he carried out his policies of public service to his people and represented them in the county government in a manner of which they may well be proud.

Besides carrying out his duties as supervisor at the regular meetings of

the board, Mr. Myers has served on two standing committees—the one having to do with county assessment rolls and the other on the grand jury. He also was on the legislative committee, this being a special one. No extra fees are allowed for aldermen serving on the committees of which Mr. Myers was a member.

In regard to public service, residents of his ward have found Herb Myers always willing to go forth every effort to bring to their attention whatever they have in mind. He has been a fair and square in all his efforts to find jobs for them and give him credit for his eagerness to help all regardless of political affiliation in those times when it was hard.

Running on his record, Herbert Myers hopes to be sent back to the board of supervisors to continue the same sort of service to his constituents as he has for the past two years as a member of the county legislature and as an alderman in the common council previously.

The record of Herb Myers as an alderman stands out as one of the most excellent ever written about an official of the Third Ward. Following his election by a majority of the votes he dug deeply into the affairs of the city for better government and his accomplishments stand out as worth while achievements.

While in the common council, his business-like procedure in all matters brought him the chairmanship of the group of men who labor for better public service. He also showed much interest in and lent his best efforts toward having the railroad crossings at Gage street and Ten Broeck avenue protected to a greater extent.

Alderman Myers continually petitioned for the improvement of streets in his ward, getting improved pavements for Van Gaasbeck street, Hemlock avenue and Tubby street. Shufeldt street was extended to make a through passage to Clifton avenue and Foxhall avenue. The water main in Shufeldt street was extended and dead ends connected to eliminate the condition of getting rusty water in houses of the vicinity. Reynolds street was cut down to grade and a sewer run through to Emerick street. Numerous lights were installed at the intersection of Hasbrouck and East Chester street.

Besides being busy as a representative of the people, Mr. Myers conducts an electrical contracting business, doing work for citizens in every part of Kingston and surrounding communities, where he is known as an honest, straightforward and up-right business man.

Several years ago Mr. Myers was deeply interested in baseball and devoted much of his leisure time to managing several teams. His association with athletics brought out the true sporting spirit for which he is known and which is a long way toward earning for him the popularity he enjoys.

Herb Myers' business, political and sporting friends wish him success in the coming election and feel that the Third Ward will benefit greatly by returning him as its supervisor.

A vote for Myers means action and progress.

DR. POLING INTERESTED IN YOUTH MOVEMENTS

Dr. Daniel A. Poling, of New York city, who will speak at the Kingston Youth Banquet on November 10, is much interested in Young People.

He has been always active in the Young People's Society of Christian Endeavor and has spent many active years working with them. He is now president of the International Society of Christian Endeavor, and president of the World Society of the same organization.

Dr. Poling's probably finest achievement in the young people's work is the "Crusade with Christ," a youth movement embodying objectives in evangelism, world peace, and Christian citizenship. The Crusade has become the basis of young people's programs in practically every Protestant denomination. No conception of the causes most urgently demanding Christian action has been more appealing to youth and age.

Last year Dr. Poling gave his entire time to the Allied forces of Youth for Prohibition which caused him to visit nearly every state in the union, and speaking some times to three and four groups of young people each day.

Reservations for the Poling address are now being made at the high school office, the Y. W. C. A. and the Y. M. C. A. offices or may be procured from any member of the Youth Council. Tickets for the Youth Banquet, which will be held at the First Presbyterian Church prior to the meeting at First Dutch, may also be procured from the above named places.

Annual Fair, Supper. The Ladies' Aid Society of the Fair Street Reformed Church will hold its annual fair and turkey dinner election night, November 7. Menu is Ulster county roast turkey with dressing, mashed potatoes, mashed turnips, creamed onions, celery, cranberries, cabbage salad, apple pie a la mode and coffee. Supper from 5 o'clock until all are served.

Aids in College Play. Sidney R. Latham, son of Mr. and Mrs. Philip Latham, of 24 Post street, a junior at Tufts College, is a member of the stage crew working on "The Diver Road" by A. A. Milne, to be presented November 2 and 3 in Jackson gymnasium by Pen Point and Pretzels, senior honorary dramatic society. He is a member of the Phi Epsilon Pi fraternity.

Consumption of Florida citrus during the past year totalled 25,599,999 boxes, says an estimate of the state marketing bureau.

I'm Glad
TO SPEND A LITTLE

TO SAVE MYSELF

A Lot

"It's always seemed to me that it's false economy to try to save a little money and take a lot out of yourself in doing it. I believe in spending a little to save myself a lot.

"That's one reason we have a telephone at home. It costs only a few cents a day—and when I think of the time, trips and worry it saves me, I know it more than pays for itself.

"And that's only one side of it, for I do enjoy having friends call up to tell me the news or pass the time of day. Another thing, it's comforting to have a telephone when I'm alone—if anything should happen I can get help quickly."

A telephone at home costs so little that if you and your family are using public telephones, the nickels you spend may be enough to pay for a private phone of your own. We shall be glad to tell you all about it if you will just call at any Business Office—or ask any Telephone employee.

NEW YORK TELEPHONE COMPANY

Sold Stock Before Dividend Was Passed

Washington, Nov. 2 (P).—Evidence was presented to senate investigators today that Albert H. Wiggin sold large holdings of stock in the Brooklyn Manhattan Transit Company in 1932 shortly before the board of directors, of which he was a member, voted to pass a dividend.

Previously, the former chairman of Chase National Bank testified that the income during the past five years aggregated \$5,551,000. His payments during that time on Federal income tax totaled \$1,365,234.

The banker, who was head of the finance committee of the B. M. T., at the time of the sales, said he did not definitely know the dividend would be passed, but thought it "probable" because of notes due to his bank.

Referring to documents, Wiggin said the Sherman Corporation, one of the family companies, held about 25,000 shares of the stock and disposed of virtually all of it.

He agreed that there was a "marked depreciation" in the price of the stock after the dividend was passed.

At about the same time, Wiggin said, Gerhard M. Dehl, chairman of the board of the transit company, sold large blocks of the stock he had placed with the Chase Bank as collateral on loans.

MATRESS ON FIRE, AND FIRE DEPARTMENT CALLED

Fire, of unknown origin, broke out in a mattress on a bed in the apartment of Augustus Kennedy at 21 Ann street, about 7 o'clock Wednesday evening. The fire was discovered by neighbors and the fire department called. The mattress, some bedding and clothing were destroyed by the fire. There was no one home at the time the fire broke out.

Insurance Man Strangled

New York, Nov. 2 (P).—Police investigating the strangling of Walter Kleinfert, 35, insurance claim adjuster, in his Greenwich Village apartment, disclosed today that a woman's blue silk pajamas were found in the apartment. Police said the pajamas suit was of small size and was sent to Dr. Alexander Gettler, city toxicologist, for examination.

Disperse Arab Band

Jerusalem, Nov. 2 (P).—A low-flying airplane today dispersed hundreds of Arabs from Wadi Hawareth who were moving toward Tulkarem, where they intended to participate in a demonstration in connection with the sixth anniversary of the Balfour declaration.

SHOKAN LADIES AID TO HOLD ELECTIONS

Shikan, Nov. 2.—The November meeting of the Ladies Aid Society of the Shokan Reformed Church was held in the church hall Wednesday afternoon. At the business session it was decided to give an entertainment on Saturday evening, November 11. A feature of this occasion will be a program of songs by Hiram Sedgwick's quartet, the members of which sing regularly at Miss Harbrough's Ark of Salvation at Lonsenville. Following the entertainment there will be light refreshments and a social hour. A small admission charge will be made and this will cover everything. The ladies also voted to pay to the church treasurer the sum of \$75.00 as the final current payment on their annual contribution of \$300 towards the church expenses.

The next meeting of the Aid will take place on Wednesday, December 6, at 3 p. m. The annual election of officers will be held at this meeting and there will also be a covered dish supper for the members and their families. Those present at Wednesday's meeting were as follows: Mrs. Frank Barringer, president; Mrs. Charles Giles, secretary; Mrs. Fred Adelt, treasurer; Mrs. Neil Windrum; Mrs. George VonderOsten; Mrs. Elmer Bedell; Mrs. Sarah Bell; Mrs. Clyde Winchell; Mrs. Daniel Sampson; Mrs. Homer Markle; Mrs. George Giles; Mrs. Fred Herschenroeder; Mrs. August Pfau; Mrs. Earl North and Miss Elizabeth Giles.

Highland Men's Club Meets

Highland, Nov. 2.—The M. E. Church Men's Club held their opening Friday evening, October 27. Over 50 were present. The Rev. Mr. Stacey was the speaker from Poughkeepsie. Moving pictures were shown and were greatly enjoyed. The Auxiliary Club catered to the club with a fine roast pork dinner. Mrs. H. W. Maynard was chairman of the kitchen with an able corps of assistants. Mrs. Herbert Schofield was chairman of dining room. She with her assistants decorated tables with Halloween napkins, pumpkins, fall flowers and the men were delighted with all done for them by the ladies' club. A nice sum was realized for the treasury, for which they were very grateful.

Rebekah Card Party

The Colonial Rebekah Lodge, No. 48, will hold a card party November 13, at their lodge rooms at Brewster street and Broadway. Refreshments will be served.

QUESTION SERVICE AT REDEEMER LUTHERAN CHURCH

The first monthly Question Service for the fall season will be held at the Lutheran Church of the Redeemer Sunday evening. The pastor will answer a number of interesting questions among which will be: Is it right to buy property for taxes? Did man descend from monkeys? What was Luther's real motive in starting the Reformation? How did Luther die? Is there any historical basis for the story of the flood in addition to the Bible? What can a Christian do these days to help the world out of its present unhappy condition? There will be other questions.

Armistice Sunday will be observed at the morning service. The pastor will preach on the topic, "Those Barbed-wire Fences—Who Will Cut Them Down?"

The Downtown Circle will hold a clam chowder sale Friday. Orders will be delivered.

The monthly meeting of the Lutheran Brotherhood will be held on Monday instead of Tuesday evening next week. The speaker will be the Rev. Paul Young, pastor of St. Paul's Lutheran Church.

The Uptown Circle will meet next Thursday at the home of Mrs. Carl Pierson, 34 Fair street.

The Downtown Circle will meet at the home of Mrs. D. H. Zoller Wednesday evening.

THE CONQUEST OF YELLOW FEVER
by WALTER REED

THE world laughed at Carlos Finlay, a Havana doctor, when he claimed that yellow fever was caused by a mosquito bite! In 1900, Walter Reed, an American army surgeon, went to Quemados, Cuba, to prove it. Since animals could not catch the disease, Reed courageously undertook to experiment with human lives! The American soldiers bravely allowed themselves to be bitten by infected mosquitoes and contracted the dreaded illness. Fortunately all but one recovered, but Reed went further to convince the world.

Two huts were erected and filled with contaminated beds and clothing.

For twenty days the volunteers slept in the stifling fearsome rooms that rivalled the Black Hole of Calcutta. But no yellow fever appeared where there were no mosquitoes. With the knowledge thus gained General Gorgas went to Panama and turned the Canal Zone into a health resort!

Thanks to these unsung heroes, the frightful epidemics which had decimated cities became a thing of the past, and yellow fever has since been wiped off the civilized portions of the globe.

LOW BACK PAINS.

Some months ago, during the Wightman Tennis competition between Great Britain and the United States, the newspapers reported that the absence of Helen Wills Moody was due to trouble with the last bone in the spine which is attached to the hip bone.

That this bone was slightly out of place or was "rubbing" on the hip bone, was not stated, but Mrs. Moody was unable to play owing to this "low back pain."

However it served to call attention to a condition that is very common, and also to the causes of all these cases of low back pain, namely injury or infection, or both.

Unfortunately this is a condition which the X-ray doesn't always disclose, just as one can have a sprained ankle or other joint, with ligaments, nerves, blood, vessels all torn, but the bones apparently in perfect position. The X-ray will show up old arthritis, rheumatic or inflammatory conditions, which is helpful in treatment, but real trouble may exist without the X-ray showing it.

Dr. W. Duncan, Cleveland, reviews the records of 500 consecutive patients (taken just as they came) whose chief complaint was pain in the lower part of the back. About 170 were women who showed a more marked hollowing of the lower back than normal, free movement in all directions, but typical pain and discomfort on attempting to touch toes with knees straight or bending backwards as far as possible, with tenderness over the lower part of the spine and the joint connecting the last spine bone with the hip bone.

In this type of case treatment is rest, avoidance of fatigue, removing any infection (teeth, tonsils, gall bladder, large intestine), sensible eating, application of heat, with massage a little later, and in a fairly high proportion of cases, applying a belt or corset.

Of the 300 patients, 230 were short thickset men who had done heavy work, and who from their early thirties had had a number of attacks of low back pain (lumbago) with periods free from pain between attacks.

While the first thought in low back pain is rest nevertheless as three out of every four cases are due to infection—bad teeth, bad tonsils, sluggish liver, sluggish intestine—this should be searched for and removed to prevent further attacks.

OUR INTERDEPENDENCE

The Council Bluffs, Ia., Nonpareil remarks in an editorial: "The most essential need in our present situation is a recognition of our complete interdependence."

Homest interests which seem to conflict do not really do so. In the long run, unless there are reasonable income and decent standards of living and health and work and leisure for most of us, there will be less and less of those things for any of us. The farmers see their particular problem; the city workers see theirs; industrialists see theirs, and so on. But until they recognize that their special problems are part of a whole, and that none can be solved permanently without solving all, or at least taking steps in that direction, our troubles will continue.

The perfect, complete solution of course is an ideal whose attainment is far in the future. Civilization advances, however. And progress is made chiefly as we seek the best good of the greatest number of people and realize that individual well-being is not secure when it rests on poverty, misery and injustice.

The Ministry of Education in Germany has issued instructions to public libraries forbidding all books which fall to show "a kinship to Teutonic and Nordic feeling." Not the merit of a volume, either as literary art or as expressed thought, but the race and politics of the author, are to be considered in putting books before the public.

Specifically the instructions ban books expressing democratic, liberalistic, anti-military, anti-religious or pan-European viewpoints. Freud and Darwin are both tabooed authors. It is an ancient human experience that forbidden things gain in attractiveness. German people must be able to read in order to use the permitted Teutonic and Nordic volumes. But as long as they can read, there is always likelihood that they will read the forbidden books out of curiosity.

Patriotism may turn Teutonic Nordics away from these works temporarily, but it cannot be counted on indefinitely in the face of the normal human response to unreasonable commands.

MRS. KLEIN HEADS GIRL SCOUT TROOP.

Mrs. Raphael Klein has assumed leadership of the Girl Scout Troop which holds its meetings at the Jewish Community Center. This troop was formerly under the guidance of Miss Sophie Baach, whose untiring efforts have brought the troop's work up to the high standard which it maintains.
Mrs. Klein is known in Ulster county for years of 4-H Club leadership. The Ulster Park 4-H Club, whose exhibits won 27 prizes at the last Ulster county fair, is under her guidance. At present Mrs. Klein is also doing 4-H Club work in conjunction with the vocational guidance program at the New Paltz Training School. Dr. Polson, of the department of rural sociology at Cornell University, uses the program planned by Mrs. Klein for her 4-H Club as a model in teaching program planning.
4-H Club work and Scouting have many similar features. It is expected that Mrs. Klein will be well able to carry on the good work already commenced by the Center's Scout Troop.

Talks to parents

By BROOKE PETERS CHURCH

There is no fixed rule which can be made to cover the reactions of children to the way they are dressed. Some children are clothes conscious seemingly from birth, others are always indifferent to the way they are dressed, and still others may change at adolescence from utter carelessness to the fussiest care. The less a child is obliged to think about his clothes the better. If he feels that his clothes are unsuitable or in any way unlike those of his companions, he is apt to develop a feeling of inferiority and to cover this may either become shy and apologetic or self-assertive and boastful, according to his temperament.

In the one case, he may in time develop a permanently deprecatory attitude, which will make him the butt of his companions' criticism or jests and turn him in upon himself. In the other he tends to become an eccentric, in self-defense glorifying in his dissimilarity to the crowd.

There are, of course, children so well balanced that they can stand the trial and emerge quite normal, but there are so few of these that it is hardly worth while taking the chance on the individual, at least until he is old enough to reason and make his own decisions.

The simpler and less noticeable a child's clothes are, the better. Plain and simple things always can be made to fit into the prevailing style by some slight modification or addition. And what the child really desires is protective coloring, which will allow him to submerge himself in the crowd.

Where possible it is well to let him make his own suggestions about his wardrobe so long as he keeps it within the bounds of taste and economy. He knows best what the requirements are and how he can most easily make himself indistinguishable.

PORT EWEN

Port Ewen, Nov. 2.—A card party for the benefit of the Port Ewen Boy Scouts will be held in the Reformed Church house Friday evening. The public is invited to attend.
Hope Lodge, No. 65, K. of P. will hold its regular weekly meeting Friday evening.

Mrs. Frank Wood, Mr. and Mrs. Fred Wood, daughter, Alice, and son, Kenneth, of Ellenville spent Wednesday evening with Frank Wood at the home of Mr. and Mrs. A. H. Short.

There will be basketball games in Poughkeepsie Hall Friday evening. Dancing by Jack Cashin's Nighthawks will follow the games.

Al Smith Is Opposed to Veterans Preference

Alfred E. Smith, in an editorial in the New Outlook, opposes Amendment No. 2 on the ballot as an expansion of "an unjust privilege which should never have been granted in the first instance," says:

Declaring that the principle at stake is "another long step in the direction of vicious minority control, special privilege, unfair discrimination and future bad government," Alfred E. Smith in an editorial in the November New Outlook delivers a stinging rebuke to the organization sponsoring a proposed amendment to the constitution extending veteran preference in civil service appointments and promotions, which will be voted on next week as Amendment No. 2. Under the present provisions, only those disabled veterans who were citizens and residents of the state at the time they entered the war have such preference.

The change to be voted on, "one of those tricky, innocent-looking amendments," says the former governor, extends this preference to those who were not citizens. The effect, says Mr. Smith, "is to make eligible many who were not eligible before, and thus to enlarge and expand an unjust privilege which should never have been granted in the first instance."

At The Theatres

Today.

Kingston: "Love, Honor and Oh Baby." If you can imagine Zasu Pitts as a scheming young woman who frames a man to sue him for heart pain, and Slim Summerville as a shyster lawyer who represents her you have the idea about this splendid comedy. It is a lively story with many of the best comedy spots offered in any of the pictures of this superb comedy team. Good entertainment.

Orpheum: "I Love That Man" and "The Warrior's Husband." The first offers Edmund Lowe and Nancy Carroll in a "love never dies" story of a young lady who loves a confidence man. She endeavors to reform him and nearly succeeds when he is double crossed and killed. Both players do quite well with their parts and the picture is entertaining. "The Warrior's Husband" is a satirical production about the ancient Romans. It offers splendid comedy and Marjorie Rambeau and Elissa Landi are exceptionally good. Good clean comedy.

Broadway: "She Had To Say Yes." A very involved plot that never does get to the climax makes this rather hard to get interested in. Loretta Young as the young cloak and suit model has to entertain Lyle Talbot, a handsome out of town buyer; it's the boss's orders. Good for an evening's light entertainment.

Tomorrow.

Kingston: Same.

Orpheum: Same.

Broadway: Four acts of vaudeville on the stage, and "Man of the Forest" on the screen. The stage bill is diversified with the Linda, Drega and Revue heading the show, and other feature acts that offer the comedy team of Kane and Hazelton, the Three Dancing Cadets of Farrell Brothers and Lee, and the Slide for Life with Togo and Chyo. "Man of the Forest" is a screen adaptation from one of Zane Grey's most popular western novels, and it proves to be exciting screen drama. The scenery is exceptional, the action swift and capable, and a fine cast headed by Randolph Scott and Buster Crabbe does good work.

For the Daily Care of Your Hands

Prolong the youthful appearance of your hands by giving them the same care you give your face. Use Cuticura Soap every time you wash your hands; it will do much to prevent redness and roughness caused by daily tasks and to keep the hands soft, smooth and lovely.

DIVIDENDS

Any company or corporation that does not pay dividends is always questioned.

HOW ABOUT THE INDIVIDUAL?

Anyone who is not a dividend-payer can put himself on that basis by starting a bank account with us, setting aside a portion of his weekly or monthly income. This forms the reserve, and then the compound interest we pay places you in the dividend class.

A BUSINESS-LIKE FROCK

(Copyright, 1933, by Fairchild)

Checked jersey in brown tones is collected for a frock with metal rings and buttonholes emphasizing the upper sleeve's elaboration. Green velvet forms the bow run through metal ring which decorates the small-colored neckline.

DID YOU KNOW THAT

Two-piece dresses with hip-length basques are another fashion increasingly worn, usually with separate fur neckpieces.

A trimming detail that impresses itself is the row of buttons. These go up the front or side of tunics and dresses; jackets are buttoned from waist to throat; blouses and dresses have lines of buttons down the back.

Chocolate Pie
Coffee

Tuna Savory, Serving 2

1/2 cup tuna
1 cup boiled rice
2 tablespoons butter
2 tablespoons onion
2 tablespoons tomato
1/2 cup milk
1/2 teaspoon salt
1/2 teaspoon paprika

Melt butter and add flour. When blended add milk, cook until creamy sauce forms. Stir constantly. Add rest of ingredients and pour into buttered baking dish. Bake 20 minutes in moderate oven.

Baked Squash

Small squash
2 tablespoons butter
1/2 teaspoon salt
1/2 teaspoon paprika

Cut squash in halves, remove and discard seeds and pulp. Bake one hour in moderate oven. Remove soft pulp and wash well. Add rest of ingredients roughly pile into small buttered dish. Bake 10 minutes in a moderate oven.

Spiced Beet Salad

1/2 cup spiced beets
1 cup chopped cabbage
1/2 cup chopped celery
1/2 teaspoon salt
1/2 teaspoon paprika
1/2 teaspoon French dressing

Chill ingredients. Combine and serve.

Graham Muffins

1 cup flour
1/2 cup Graham flour
1/2 cup milk
1/2 cup sugar
1/2 cup butter
1/2 cup eggs
1/2 cup salt
1/2 cup fat melted

Mix ingredients and beat one minute. Half fill greased muffin pans. Bake 15 minutes in moderate oven.

Stewed prunes, chilled and stuffed with cream or pimiento cheese and served on lettuce and topped with French dressing make a tempting salad to serve with meats.

OLDEST ALE BREWERY WILL REENTER FIELD

C. H. Evans & Sons of Hudson, N. Y., owners of the oldest brewing business in the United States, will shortly reenter the brewing field, according to a statement by Robert W. Evans, Sr., head of the establishment when it was closed shortly after the coming of prohibition. Started in 1786 in a hewn stone tavern, Hudson ale and Evans ale were brewed without interruption for 132 years, for the last 77 years under the management of the Evans family. Associated with Robert W. Evans, Sr., will be two sons, R. W. Evans, Jr., and Cornelius H. Evans, 3rd, representing the fourth generation of the family in direct line.

For nearly a hundred years Hudson brewed ale was shipped to India and other foreign countries. From this circumstance the name "India Pale Ale" is said to have originated. Shortly after the business was closed, a larger part of the plant was destroyed by fire. A new site on the New York Central Railroad in Hudson will be acquired by C. H. Evans & Sons, Incorporated, recently organized in New York state, upon which a new model plant with modern equipment will be established. A production of 100,000 barrels a year, the equivalent of about 1,250,000 cases of 24 bottles each, is planned, and national advertising and sales campaigns are under development.

MIDDLE AGE HAS NO TERRORS NOW

Woman Finds Relief After Taking Lydia E. Pinkham's Vegetable Compound

"I am now forty-six and passing through the change. I was a terrible sufferer from headaches and giddy spells which lasted two days at a time. I felt as if I had an iron hat on my head. I tried several medicines but felt no better. Then I tried Lydia E. Pinkham's Vegetable Compound and oh joy! the headaches and the hot flashes are gone. You may publish this letter. I hope it will help some one else to use your wonderful medicine."—Mrs. Stewart Foxworth, Palace Apts., Minnola, L. I., New York.

OUR DAILY PATTERN.

A Dainty Little Frock For a Little Girl.

8006. Just the nicest style for a party frock. In printed voile or chiffon, or in crepe or organdy. As pictured printed and plain crepe are combined. Dotted Swiss is also suggested, and organdy in two pastel shades would be very pretty. The sash may be of ribbon or of self or contrasting material. The yoke ruffles may be omitted as pictured in the small front view.

Designed in 4 sizes: 2, 3, 4 and 5. Size 4 if made as in the large

view will require 1 1/2 yard of 35 inch material together with 1/2 yard of 35 inch contrasting material for the ruffles and yoke. If dress is made in monotone (without contrast) it will require 1 1/2 yard of 35 inch material. To make without the yoke ruffle and in monotone will require 1 1/2 yard of 25 inch material. To finish with bias binding as in the large view will require 4 yards 1 1/2 inch wide. The sash of ribbon requires 2 yards.

A pattern of this illustration mailed to any address on receipt of 12c in coin or stamps by the Pattern Department, The Freeman, Kingston, N. Y. Be sure to state the size wanted.

IDEAL FIGURE GOAL

OF MODERN WOMEN

—SAYS DOCTOR

New Reducing Method Explained by Prominent Physician Over Radio Station KYW

"The modern woman loathes fat, but often takes the wrong road to lose it," says a well known medical authority in his talk over KYW recently. "Many of them trying dangerous drugs such as thyroid (which should only be taken under the direction of a competent physician) or drastic salts, actually damage their health. Others try the exhausting method of violent diets and exercises which seldom give permanent results, but may lead to permanent injuries."

"Now Science," says this physician, "has come forward with a new discovery, Vannay, which contains no thyroid, no laxatives, no dangerous drugs. In fact, the Vannay method of weight control is so pleasant and certain that it has already been adopted by many thousands of women. Vannay, a convenient sugar-coated tablet, is a safe, natural regulator of the digestive ferments (lipases) which control the production of fat in all human bodies."

"You don't have to starve yourself or go through painful exercises. You simply take the tablets each day and continue to eat three meals. The fat disappears at just the places where you want to lose it."

It is possible now for the modern woman to get her weight at the ideal figure and easily reach it. Come into our store today and learn about Vannay. Ask for the booklet, "How To Reduce With Absolute Safety." This remarkable product is for sale at DeWitt's Drug Store—Anti-

Famed Attorney to Address Rotarians

Victim of "Ride" Will Speak on His Experiences in Crusade Against Criminals in Different Cities.

A man who was "taken for a ride" by Chicago gangster, and who lived to tell of his experiences, will be the featured speaker at the Rotary Club luncheon next Wednesday noon in the Governor Clinton Hotel. This man, Attorney C. Ray Hansen, a victim of gangland violence, found himself in a bloody closet, his jaw broken, his head and face battered with the butts of gangsters' guns because he had dared to interfere with the control of an election.

Ever since that time Mr. Hansen has been a militant crusader against gangland. Healed of his injuries, he immediately invaded the strongholds of the Chicago gangs as an under-cover investigator to gain evidence which might aid in the conviction of his captors—and succeeded. Thereupon he became a prominent member of the staff of the Hon. Frank J. Loesch, veteran prosecutor, lately of President Hoover's Crime Commission.

Satisfied that the gang problem was not Chicago's alone, Mr. Hansen made contacts in the gangs of other cities, gathering information at the risk of his life, in order that the public might know the real threat and inside workings of organized crime. For his noteworthy services, he bears the distinction of being officially honored by the Chicago Bar Association, for "patriotic and courageous services," the only citation of its kind in the history of the association.

Mr. Hansen speaks from personal experience and his wealth of first hand information has gained him the position of an international authority much in demand. His talk before Rotary on Wednesday will be "Will the Crime Drive Win?"

NEW HURLEY.

New Hurley, Nov. 1.—Mrs. Isaac Teller returned home on Saturday after spending several days at the home of her daughter and family, Mr. and Mrs. Henry Downs, in Jersey City, N. J.

Principal and Mrs. L. E. Van den Berg of New Paltz were callers at the parsonage on Sunday afternoon.

Mrs. William Tears of Poughkeepsie and Mrs. Charles Pabor of White Plains were week-end guests of their parents, Mr. and Mrs. M. L. Birch.

Mr. and Mrs. F. G. Schoonmaker and daughter-in-law, Mrs. Gerow Schoonmaker, and son were callers at the home of the Rev. and Mrs. Roscoe Strivings on Sunday afternoon. Mrs. Schoonmaker will remain for a few days.

New Modern Dental Offices Of Dr. C. D. Carter On Fair Street

Charles D. Carter, D. D. S., who for many years was located on lower Broadway, recently moved his dental offices to his own building on Fair street, near Maiden Lane. The building was designed and constructed along modern lines to provide every facility for the practice of dentistry and in addition to being extremely practical, its outward appearance is a distinct addition to the neighborhood which is a residential section.

Modern appliances have been installed in the building, which contains an X-ray room, laboratory, office and operating room in addition to a well appointed waiting room. This is another new building in Kingston to be equipped with an automatic gas heating plant.

COUNTY BUDGETS and TAX RATES

Claims of Republican County Leaders Not Supported!

POLICY OF COUNTY ON BONDS AND BUDGETS CONDEMNED!

READ WHAT EXPERT EXAMINERS OF MUNICIPAL ACCOUNTS STATE!

Republican county leaders, candidates, orators and newspapers have based their campaign upon the claim that the county follows the policy of "Debt Free" and "Pay-As-You-Go" and that they reduced the county tax rate 56% from 1932 to 1933.

Compare County Budgets from 1930 to 1932—

COUNTY BUDGET FOR EXPENDITURES IN 1930	\$1,014,010.68
COUNTY BUDGET FOR EXPENDITURES IN 1931	\$1,173,529.56
COUNTY BUDGET FOR EXPENDITURES IN 1932	\$1,766,076.80
INCREASE FROM 1930 TO 1932	\$ 750,066.12
INCREASE FROM 1930 TO 1932	74%

In other words, the County Republican Board of Supervisors increased the Budget and Tax Rate 74% from 1930 to 1932, then under the demands and pressure of the Tax payers' Associations of the county they reduced it 56% from 1932 to 1933.

YET, THE COUNTY BUDGET AND TAX RATE OF 1933 WAS STILL 18% ABOVE THE 1930 BUDGET AND TAX RATE!

Does That Action Show Efficiency and Economy?

Read what three expert Examiners of Municipal Accounts report about the sky-high increase of county taxes from 1930 to 1932—

"This striking jump in the annual cost of government results from the lack of economic grasp to see through to those essentials which should be applied to financial planning, from authorized supplemental appropriations and from expenses forced on the county by legislative enactment."

"An analysis of the 'budget,' among other things, clearly indicates inefficient financial planning. Capital outlays constitute expenditures for projects from which benefits accrue to the future. When such projects are authorized their payment should be met by the proceeds of bond issues, the burden of which may be placed upon those later benefited. The provision made to meet the cost of acquiring property for the County Tuberculosis Hospital and for the construction, furnishing and equipment of the same, furnishes an example of the manner of financing capital improvements."

"It is manifest that the Board of Supervisors gave small consideration to those who are obliged to foot the bill. Had it embraced sound business methods when it was decided to construct the hospital by properly ascertaining the cost thereof, and then provided for the payment of such sum by sale of an authorized bond issue, the payment of the principal of which would be spread over a term of at least fifteen years, the taxpayers would not have been so severely pressed."

"Had this policy been adopted, not to exceed \$32,000 would have been raised in the levies of 1930 and 1931 instead of \$150,000 and \$129,506.00."

VOTERS OF KINGSTON AND ULSTER COUNTY, WILL YOUR VOTE FOLLOW THE UNSUPPORTED CLAIMS OF THE REPUBLICAN CANDIDATES AND LEADERS OR WILL YOUR VOTE FOLLOW THE RECORD?

IF YOU FOLLOW THE RECORD, YOU WILL CAST YOUR VOTE FOR EFFICIENCY AND ECONOMY, LOWER TAX BUDGETS AND TAX RATES, BY VOTING THE DEMOCRATIC CANDIDATES FOR SUPERVISOR AND ALL DEMOCRATIC CANDIDATES.

VOTE THE DEMOCRATIC PARTY THIS YEAR AND GET LOWER TAX-RATES!

"Growl, growl, I've just thought of something," said Jelly Bear. "But I don't know whether we dare."

Cattle Grass on Asparagus

Asparagus, the highly prized vegetable for which Americans at times are forced to pay high prices, grows so freely in the wild state in Russia

the cattle graze on it. The plant also grows wild on the southern coast of England. There are some 150 known varieties of asparagus, the most common being the so-called esculent asparagus, which is used for table purposes. It has been under cultivation for more than 2,000 years. The usual practice is to grow it for two years in the nursery bed before setting it out and then no shoots are cut off at least for two years.

Some Large Billiard Rooms
The National Billiard Association of America says that a recent survey shows that the largest billiard room is in Detroit. The Detroit Recreation

has 81 tables. Next is the Minneapolis Recreation (Minneapolis) with 68 tables; Plinkinton Arcade (Milwaukee), 60 tables; and 131 South Wabash Avenue Recreation (Chicago), 59 tables.

Nazis Force Out Ullstein Family

Berlin, Nov. 2 (AP).—The third Reich's uncompromising anti-Semitism resulted today in the withdrawal of the Jewish Ullstein family from the Ullstein Publishing Company—long Germany's modern and most flourishing newspaper, news agency, magazine, book and travel bureau concern.

The Nazi victory was only partial, however, since Franz Ullstein remains on the governing board with eight Aryans and Karl Ullstein continues as one of the five executive directors, the other four being Aryans.

The Ullsteins founded the company in 1877.

The concern publishes three daily newspapers—the Vossische Zeitung, Berliner Zeitung and the Mittägliche Post, as well as the weekly Morgenpost and the Berliner Illustrierter, along with numerous other publications.

ARMED MEN LOOT BANK OF ABOUT \$50,000 AT LANSING

Lansing, Mich., Nov. 2 (AP).—Three men armed with automatics held up the North Lansing branch of the Bank of Lansing today, struck a teller over the head when he delayed opening the vault and fled with between \$5,000 and \$10,000.

Six employees, the bank manager and a teller were forced to lie on the floor after the loot. The teller had been ordered to open the vault and there was no shooting.

HIGHLAND YOUTH ARRESTED ON ABDUCTION CHARGE

Benjamin Castellano, 15, of Highland was arrested to that village Wednesday by Sergeant Lockhart of the State Troopers, on a warrant charging the youth with abduction.

Castellano gave bail for his appearance in police court here on November 9. The charge was lodged against the youth by the father of a local girl.

Matters Before The Surrogate

Accessory letters of administration granted to E. H. Gloeckler of Springville, Ohio, and to DeWitt W. Osterlander of Chardon in the estate of John G. Gloeckler who died in Shelby county, Ohio, March 26. The petition states that the deceased and William B. Carr have operated a grocery store at Chardon under the name of Carr and Gloeckler, the management and control of which for several years has been in the hands of Mr. Carr. A. D. & A. W. Carr are attorneys for the petitioner.

Will of David S. Rich, who died in Kingston September 17, admitted to probate, disposal of an estate valued at about \$4,500 personal. The widow, Ruth L. Rich, is the executrix and sole beneficiary. Elder Sampson is attorney for the executrix.

Letters of administration in the estate of William Grant Russell, who died in Rosendale September 23, granted on petition of Nellie Goralline of Rosendale, a daughter. There are also two grandsons, William V. and John D. Russell of New York city. The estate consists of not in excess of \$1,000 personal. V. B. VanWagoner is the attorney.

Will of Hensen B. DuBois, who died in Kingston September 23, admitted to probate on petition of the widow, Jennie R. DuBois, who is named executrix and sole beneficiary. Frederick Stephan, Jr., is the attorney. The estate consists of \$5,000 real property and personal of over \$2,000.

Letters in the estate of Paul Frederick Wolf, who died in Saugerties September 10, granted to Lena Wolf of Saugerties, mother of the deceased. There are also two sisters, Dora Wolf Smith and Alina Ebel Wolf of Saugerties. The estate consists of personal property valued at not in excess of \$1,500. Clyde F. Gardiner is the attorney.

Life in Prison For Youth.

Rochester, N. Y., Nov. 2 (AP).—A sentence of life imprisonment was imposed in county court today by Judge William C. Kohlmetz on Joseph K. Grant of Syracuse, who ended his first degree murder trial suddenly yesterday by pleading guilty to murder, second degree. The sentence was mandatory as the 23 year old son of a Syracuse policeman is a second offender. He will serve his sentence in the new state prison at Attica.

Rev. F. H. Lindemann Will Deliver Address

At Immanuel Lutheran Church on Occasion of the Commemoration of the 450th Birthday of Martin Luther Sunday, November 12.

The recent announcement made by Immanuel Evangelical Lutheran Church on Livingston street that the Rev. Fred H. Lindemann of Trinity Lutheran Church in Long Island City will deliver the address on the occasion of its commemoration of the 450th birthday of Martin Luther, Sunday evening, November 12, at 7:30, recalled to many Lutherans here the fact that both the father and the grandfather of the Rev. Mr. Lindemann had been prominent as educators in one of the normal schools of the so-called "Missouri Synod" branch of the Lutheran Church.

It was formerly a rather general custom among Lutherans to erect a parish school beside their church edifices, where the children of the parish received daily instruction in secular and religious knowledge. Luther had once said, "Where the Holy Scriptures do not rule, I advise no one to send his child."

The old founders of the local Immanuel congregation had also established a parish school over 50 years ago, and despite all changing conditions it is being maintained even today, with a staff of two teachers trained in Lutheran normal schools. The coming celebration and the interesting study of the influence of Martin Luther in the field of modern education provoke the timely comment that these Lutherans have never underrated the value of the splendid American public school system, but they have held to the principle that the public schools should ever be free from every religious bias.

Since the public school could not and should not provide for their children what Luther had urged, "See to it in the first place that your children are instructed in spiritual things," many Lutheran parishes had maintained their own schools. The thought underlying these schools was once aptly expressed by Theodore Roosevelt, "Mere education without divine guidance is like handing an irresponsible man a gun."

A solution of the problem of providing this "divine guidance" was sought in a daily, systematic training of the children of the church on the basis of positive religious tenets at the same time as they received their education in the secular branches prescribed by the state school authorities. On this subject Dean Kummick of the Lutheran University in Valparaiso, Indiana, was recently quoted, "Luther believed with his whole heart that the soul of education is the education of the soul. If school learning was to achieve the desired results, and be an important factor in advancing civil righteousness and perpetuating the church, a thorough religious training was an absolute necessity."

Now that the house of life has toppled over its ears, secular education is looking for a new dynamic. If mankind is to come back into its own in this new era, the church must lead back from the paths of uncertainty, myth, and machine, into pathways that lead to God. The energizing influence of Martin Luther has kept the Lutheran Church alert in its chosen task of providing a thorough Christian training for its children even though the establishing of a parish school for daily instruction is not always feasible, and has stimulated the interest of Lutherans in the many phases of the entire subject of education which has assumed such large proportions in our day. The elaboration of some of the Lutheran principles in the educational field by the Rev. Mr. Lindemann will be awaited with interest.

JESSE BANKS REPORTED HIS YOUNG SON MISSING

Jesse Banks of 33 Boulder avenue notified the police department Wednesday night that his son, William, 14 years old, was missing from home and asking aid in locating the boy who is 4 feet 4 inches tall and weighs 55 pounds. The boy has light hair and blue eyes.

Request by Mrs. Schiff. New York, Nov. 2 (AP).—Mrs. Therese Schiff, widow of Jacob H. Schiff, banker and philanthropist, left a net estate of \$5,294,587 when she died February 26, last, a transfer tax appraisal filed today showed. Seven public bequests were provided in the will. The largest, \$250,000, went to the Federation for the Support of Jewish Philanthropic Societies.

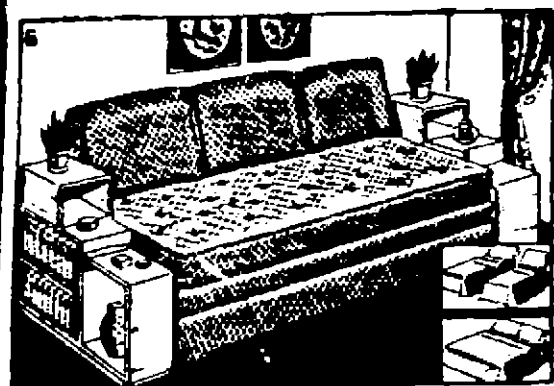

Typhoon Rages in East. Manila, P. I., Nov. 2 (AP).—A typhoon spread death and destruction over the southern Philippine islands today. Six persons were killed and nine injured in Oriental Negros province on Visayas Island. Governor Segundo Gaston reported to the interior department. Other governors told of heavy damage and appealed for Red Cross aid.

Hang Negro Killer. St. Louis, Nov. 2 (AP).—After talking most of the night with a woman prisoner, John Winston Bord, negro porter who confessed attacking fifteen white women, was hanged in St. Louis county jail at Clayton, a suburb today.

Reverend Receives Governors. Washington, Nov. 2 (AP).—President Roosevelt arranged to receive the governors from the farm strike area today. Besides this, there was no indication from the White House this forenoon as to the presidential attitude on the visit.

Roach Cheese Factory. Milwaukee, Nov. 2 (AP).—A dynamite bomb today demolished the cheese factory at El Bley, near Port Washington. Fire which followed the blast completed destruction of the factory.

K. H. S. CROSS-COUNTRY TEAM				
TROUNCES ST. STEPHENS, 31-13				

Tuesday afternoon, Kingston High school cross-country team went to Annandale and trounced the St. Stephens Frosh to the tune of 31-13. Out of the first five to cross the finish line, four were Kingston men with Watts captain of the local team coming in first to set a record of 13:54 for the course.

Watts, Kingston's captain and star man, ran brilliantly over the whole course to come in first and beat St. Stephens' star man, Snyder. Watts clipped a whole minute from last year's record which was set by Al Pelham, captain of last year's local cross-country team. Coach Kinsella of the Kingston team took eight men with him, all of whom finished in the first ten places. Snyder and Dignella finished second and sixth respectively, all the rest of the first ten places being taken by Kingston men. Following is the order in which the first twelve of a field of 16 placed.

Order of finish: Watts (K), 1; Snyder (St. S.), 2; Zadany (K), 3; Charlton (K), 4; Boice (K), 5; Dignella (St. S.), 6; Cananinham (K), 7; Hasbrouck (K), 8; Hunt (K), 9; Caprotti (K), 10; Chapell (St. S.), 11; Dillies (St. S.), 12.

Outstanding Football Contests This Week-End

By CHARLES LANG
(Associated Press Staff Writer)

Syracuse, N. Y., Nov. 2 (AP).—Outstanding contests in nearly every part of the state provide fans with plenty of choice for football entertainment this week-end.

For the first time since Colgate appeared as a football power, the Kermen will be in the role of underdog as they face Tulane at New York. The "Little Fox of the Chango" spent much time this week on the grounds. The game raises the question: What will a powerful offense do to Colgate's defense?

Syracuse, welcoming Penn State in their 12th contest, will try to obliterate the memory of the pacing from Marston stage. The Orange has won six and tied two in the series. Walt Singer, the fleet end who was injured just before the Spartans snared their field day in the third period, will be back at his post, with all others in their old positions.

Cornell, resting since the defeat by Syracuse, will be at top strength for Columbia's invasion. Switzer, injured in the last game, probably will be in the line-up. Coach Gil Doble this week emphasized defense against forward passes, anticipating an air raid.

Alfred, completing the most successful season in years under Coach Ghost Galloway and fresh from an 82 to 0 win over Cooper Union, polished up its passes for St. Lawrence, the visitor. St. Lawrence also is a passing team. For the Larries this will be the final fling before they meet Clarkson at Canton on November 11 in a traditional game.

Rochester's Coach Tom Davies took his practice session cue this week from the fact that Hobart, the guest on Saturday, completed 14 of 23 attempted passes against Hamilton last week. Coach Francis Kraus of Hobart, well satisfied with his Purple's passing-attack, emphasized this week a running game centered on Gordon Rich, veteran triple threat quarterback.

Buffalo, encouraged by its first win of the season in the game with Albion of Michigan, will face Western Reserve at Cleveland. Fundamentals again were the talking point this week. Buffalo has been handicapped by not having two full teams. Outsiders have been brought in for scrimmages.

R. P. I. went through light preparation for Hamilton College at Clinton. Art Winters, coach of the Continentals, was far from satisfied with their blocking and tackling, and dwelt heavily upon these shortcomings. This game will mark the renewal of a series broken off in 1922 after 15 contests.

Clarkson, conqueror of Vermont, Buffalo, and Niagara, and one of the best teams in the state with a pass, expected little trouble from Ithaca at Potsdam.

Union, blanked by Amherst, Swarthmore, and R. P. I. in a row, will go to Williamstown to front Williams. Other Saturday choices include: Arnold visiting Cortland Teachers and Susquehanna invading Hartwick.

Canisius, pride of western New York and winner of every game on its schedule to date, on Sunday plays host to St. Bonaventure with a record of two wins, two ties and one loss. Aerial defense was the big talk at the villa, while air attack and defense got chief attention in the camp of the Bonnies.

In another Saturday game, Niagara Falls faces Providence at Providence. Coach Shel Hecker continued to point to the fact that every score made against the Cataracts this season was made by the aerial route. Hecker held no scrimmages, fearing injuries.

SPORT SLANTS

By ALAN J. GOULD
(Associated Press Sports Editor.)

Some Harvard men seem apprehensive that the old Princeton Tiger, taught a lot of new tricks by Fritz Crisler, will be all toughened up for another gridiron holiday at the expense of the Crimson when relations are renewed between these ancient rivals in 1934, after a lapse of eight years.

There's no doubt about the Princeton come-back, all along the athletic front, since Crisler came out of the Mid-West, with a thorough school in Big Ten methods, to revitalize the Tiger morale and material.

The situation at Old Nassau was ripe for a renaissance after several lean and languishing years. No school with such traditions could fail to find another upswing and Crisler has proved himself the right man to have at the helm under the circumstances.

All this has been, or should be, warning enough for Harvard. Friendliness has replaced the animosities that cropped up in 1926, when the Tigers broke off relations as the culmination of a number of untoward incidents, but if anyone thinks the keenest kind of rivalry does not exist or that Princeton and Harvard alike will fail to make adequate preparations for the coming gridiron renewal—why, he has only one more guess coming to him.

For these reasons, old Harvard grads need not be unduly alarmed now. Some of the ferocity may be extracted from the Tiger before next fall. If not, the Crimson has fair notice of what lies ahead and time enough to organize the boys for the next wild animal hunt.

Grid Toll Mounts.
The failure so far of additional safeguards, propaganda and energetic field work to cut down the number of football fatalities, especially on the sandlots and in schoolboy ranks, has given the game's leaders genuine concern again.

It is not alone that they fear another wave of popular disapproval. If the toll mounts through November as it has already done in October, but that the men charged with responsible direction of the sport find themselves up against almost a stone wall in establishing precautions so essential to every sphere of football. In short, the widespread character of football does not readily lend itself to satisfactory control.

Risk Still High.
College safeguards have been effectively strengthened, with the active aid of all coaches and officials, but the rate of risk is still abnormally high in the games on sandlots and school gridirons, due to the combination of inexperience, lack of proper conditioning or training and immaturity. A list of 16 or more deaths up to mid-October offers no ground for encouragement.

Walter R. Oleson, chairman of the Football Rules Committee, writes: "As you know, for the past two years the major interest of the committee has been in this matter of cutting down as far as possible the number of football injuries. It will continue to be our major interest."

Z.N.P. Quintet To Practice Tonight At The White Eagle Hall

Z. N. P. basketball team will practice tonight at White Eagle Hall, Delaware avenue. Starting time of the drill is 8 o'clock and Manager Francis "Dolly" Teske requests all players to be on hand promptly. He has signed the following men for the coming season:

Captain Ed Musialkiewicz, Billy Kennoch, Car Musialkiewicz, Randy Kieffer, Chet Kieffer, L. Kelano, John Dux and Frank Sember.

With this lineup, Manager Teske hopes to look the Polish club against some of the most formidable opponents available, starting with the Poughkeepsie P. N. A. on November 14 at the White Eagle. Last season the teams split in two games and both are anxious to capture the honors in the next game.

Previous to tonight's practice there will be a meeting of the Z. N. P. Sporting Club at 7:30. Every member is requested to attend.

Armadillo Is Defended
A study of the food habits of the armadillo show that it feeds almost entirely on insects, and is therefore beneficial. In fact, scientists say, the individual armadillo is the greatest consumer of insects among all our insectivorous animals, and the occasional slight damage it may do cannot be urged as adequate reason for an eradication campaign. When an armadillo is rummaging about for food, it may occasionally plow through a quail's nest or otherwise leave evidence that it has been digging, and as a result a casual observer is likely to believe that the animals are destructive egg-eaters. Tests conducted with both free and captive animals show, however, that the armadillos do not recognize whole hen eggs as food. In captivity, it is true, the animals do learn to break quail eggs and eat them; but investigators believe that in the wild they do this rarely. Analyses of the contents of stomachs examined reveal no egg material, but show that the armadillo is a voracious consumer of beetles, ants, grasshoppers, termites, centipedes, and in fact of all the small creatures it finds by its characteristic method of feeding, rooting in the soil.

Modena Home Bureau Meets
Modena, Nov. 2.—An all-day meeting of the Modena Home Bureau was held at Mrs. Frank Black's home, Tuesday, commencing at 10 o'clock. Miss Evelyn Nance, home demonstration agent of the Home Bureau, very aptly demonstrated color combination in connection with household accessories, and deftly showed the unusual ideas converted into useful and necessary articles for the home. Miss Nance was tireless in her efforts in demonstrating the articles so cleverly conceived, and Home Bureau members voiced their appreciation of the day's important lesson. At noon a lunch was enjoyed and subjects of interest discussed. Two new members—Mrs. Roy DuBois and Miss Marian Palmer—were admitted. Those in attendance were as follows: Mrs. Percy Crosswell and Miss Evelyn Nance of Kingston; Miss Edna Young, Mrs. Marshall Lowrie, Miss Etta Birdsall, Mrs. Jonah Rhodes of Clintonville; Miss Emma Palmer, Mrs. W. Edward Harcourt, Mrs. E. Tishbire, Mrs. Orville Seymour, Mrs. Ira Hyatt of Ardenia; Miss Mary Carroll, Miss Ethel Courter, Mrs. Drinkerhoff, Mrs. James Coey, Mrs. Marian Palmer, Mrs. Ward Black, Mrs. Cornelia Taylor, Mrs. Myrna Shultz, Mrs. Anna Miller, Mrs. Joseph Hasbrouck, Mrs. Roy DuBois and the hostess, Mrs. Frank Black, all of Modena. The next meeting will be held Thursday, November 2, at the home of Mrs. Myron Shultz.

HOLD PUMPKIN RALLY
DAY AT "OUR SCHOOL"

State House, Nov. 2.—There was a pumpkin rally in the hall of the State House last Tuesday. Earl Child was asked to bring a "pumpkin" to school for the day. Three children, like Mary's little lamb, proved to be slightly disturbed during the day. But they provided a fine lot later in the day when the Jack-o'-lantern contest called for a general round-up of sent home and carving ability. Robert Gibson of the high school won the prize, his jack-o'-lantern looking the decidedly original together of maple-leaf hangers and evergreen boughs.

The afternoon in general was given over to games of all kinds, the favorite proving to be human croquet, in which good use was made of the long-legged pupils as wickets, with two competing relay teams of smaller children. The human wickets contributed their best toward "helping" the human balls to keep rolling. The afternoon closed with a tea given by the high school unit of "Our School" to their parents for the purpose of introducing their new teacher, Mrs. Kenneth Campbell. Miss Margaret Schoonmaker, teacher of the junior school, and Mrs. Ashton Hart, director of athletics, assisted with the games.

DEDICATION TODAY FOR
GREENE COUNTY HOSPITAL

Catskill, N. Y., Nov. 2 (AP).—Dr. Thomas Parran, Jr., State Commissioner of Health, today outlined a broad policy of disease prevention as a part of the program of the new Greene county hospital which was to be dedicated here today.

"The state expects the county to make the hospital a health center and to devote much of its time and money to the prevention of disease," he said.

4-H Leaders Hold
Training Meeting

Mrs. Ruth Bennett White, of Cornwall University, Ulster, gave instruction for starting of the 4-H breakfast at the demonstration room of the Central Ulster Gas and Electric Company to a group of 4-H home-making leaders, some of whom are taking their work.

Mrs. White called attention to the fact that eating breakfast is very important and that no growing child should go without breakfast. She suggested that leaders remind their 4-H girls that breakfast is truly the beginning of a fast, because a much longer time elapses between supper and breakfast than between any other two meals. "Breakfast furnishes energy for the morning's work and is the best of breakfast tears down the body," she stated.

Mrs. White demonstrated the preparation of cocoa, which she recommended as a breakfast beverage if it is made with milk, of graham muffins, to be used as the cereal, or egg omelette, served in a muffin tin with a slice of ham around the outside of each egg, and of fruit for breakfast. She also suggested types of breakfast menus and discussed the proper way of serving breakfast.

A Maple Chief gas range loaned by Rose & Gorman's store, was used for the demonstration.

Local 4-H leaders, who attended the meeting were: Mrs. Alvin Faxon and Mrs. Harry Darling, South Flatbush; Mrs. Ruth Hoad, Milton; Mrs. John McCabe, Wallkill; Mrs. William Linbacher, Sawkill; Miss Harriette A. Thomas, Flatbush; Mrs. Alonzo Davis, Olive Bridge; Mrs. Richard Sager, Crook Locks; Mrs. Dorothy Riscley, Mt. Tremper; Mrs. William Crutcher, Big Indian; Mrs. Bertha Miller, Lomontville; Mrs. Margaret Gagner, Woodstock. Prof. W. J. Wright, New York State 4-H Club leader, was a guest at the meeting.

BOOSTER NIGHT PROGRAM
AND HALLOWEEN PARTY

Mt. Tremper, Nov. 2.—The Grange Booster Night program and Halloween party went over in a big way. There were 75 present and judging from the applause and laughter every one had a fine time.

The hon. "American" opened the program. The flag was then presented and saluted and "Star Spangled Banner" was sung by all.

Master F. Carle made a splendid opening address. He told of the good Granges were doing throughout the country and cited instances, such as fostering rural free delivery and parcel post systems.

Mrs. John Boerker, the pianist for the evening, rendered a beautiful solo, "In a Country Garden," by Percy Grainger. It was very well played and enjoyed by all present.

The children of Mt. Tremper School were then given an opportunity to show what they could do speaking pieces. It was difficult to determine which child spoke the best as they all did exceptionally well and received much applause. Much credit is due to their teacher, Miss F. Murphy, and she was congratulated by many of the parents present.

Mrs. Waldo Boerker then sang a beautiful song, in fact an old favorite, "The Old Refrain," by Fritz Kreisler, and it met with the approval of the audience.

After every one joined in the song, "The Booby Ball," to the tune of "Jingle Bells." It was a real Halloween song. Waldo Boerker presented a sketch on the telephone entitled "Cominsky Complains." Then Mrs. John Zauner played the role of a gypsy fortune teller and kept the audience guessing and a bit uneasy as she described certain people present and giving in some cases names.

"Till We Meet Again" was sung. Flipping the ball on a cat while being blindfolded followed. L. Ruckert won the contest, taking the prize of a box of candy strawberries.

Refreshments were served. The young and some of the older folks danced while others played cards.

It was announced a roast pork supper will be served Monday evening, November 6, in the Grange Hall, for the benefit of the Grange.

The children taking part in the piece speaking contest were: Caroline Zauner, Wilson Hoyt, Ralph Hansen, Madeleine Boerker, Frederick Zauner, Howard Umhey, Margaret Zauner, Elizabeth Lockwood, and Frank Carle, Jr.

The next Grange meeting will be held November 3 at 8 p. m.

PAGEANT AT PRESBYTERIAN
FAIR WEDNESDAY EVENING

The early history of Rondout when there was hardly a dozen houses between Wilbur and Wilbert, and no church organization of any kind was brought vividly to mind by the pageant given at the annual fair of the Rondout Presbyterian Church in the chapel Wednesday evening, when the early history of the church, which is celebrating its 100th birthday this year, was given in a series of brief sketches.

The Sunday school of the Presbyterian Church was founded 104 years ago when George Endicott and Walter B. Grange organized the Sunday school, the first religious organization to be established in what was then Rondout. Four years later the Presbyterian Church was organized, and early events in the history of the church were given in pageant form at the entertainment last evening when in a number of cases the descendants of the original founders and members of the church represented their ancestors. Costumes 100 years old were worn.

The pageant depicting the early history of the church brought to a close one of the most successful fairs held by the ladies of the church in some time.

J. Edward Conway
Has Good Record

New York is a matter of economy would result from the enforcement of his laws as it did in the case of the 4-H breakfast. This he regarded as the greatest possible contribution to the welfare of the citizens. New York has led all states in the perfection of wine and liquor laws for the protection of youth. With these laws repeated or permitted to go unenforced, it would deprive these children of the protection which is their right and compel the state of New York to follow the footsteps of other backward states and possibly wait several generations before such humane legislation could be enacted by the federal government. Such a setback, Assemblyman Conway has staunchly fought.

Despite some false and misleading rumors to the contrary, Mr. Conway voted for two measures directed against the unfair practices of public service corporations—the first of which prevented their lending money to a holding corporation without the consent of the Public Service Commission, and the second of which granted to cities and other municipalities the local right to appear as a party in opposing increases in rates.

Although this is but a brief abstract of his record, it is one of which any legislator should be justly proud, but in addition to such independent record, Mr. Conway has shown himself unusual in his lack of partisanship when he readily joined with Democrats and Republicans during the banking holiday emergency in supporting wholeheartedly the legislation which temporarily granted to the governor of the state and to the heads of several state departments wider powers than had ever been granted to their predecessors in office.

Born on a farm near the village of Eddyville, J. Edward Conway is the son of the late P. H. Conway. He attended the Eddyville grade school from which he was graduated to Kingston High School where he finished his studies in 1921. He thereupon entered Fordham University School of Law from which he was graduated with honor. Returning to Kingston he served his clerkship under the Hon. Joseph M. Fowler who was then Ulster county judge. He was admitted to the bar in 1925 and associated in the practice of law with Judge Fowler. That association he continued when United States Commissioner A. C. Connelly joined the firm as a partner and he continues the practice of his profession at the offices of his firm, 293 Wall street, Kingston.

From the viewpoint of preliminary training, Assemblyman Conway has been ideally fitted to represent Ulster county in the legislature. He was clerk of the Ulster County Children's court from 1926 to 1930, during which time this experimental court was proving its worth throughout the state, and he there gained a thorough knowledge and humane understanding of the problems affecting the youth of the county.

In 1931 he was appointed assistant district attorney under Cleon B. Murray, present district attorney, and in that capacity frequently demonstrated his keen sense of justice and with proper balance could become wisely merciful or justly exacting in the performance of his duties.

Assemblyman Conway has also diversified his interests by engaging with his brothers and William Harp, Jr., in the construction business which has broadened his vision and brought to him a better appreciation of the problems which confront the business man.

Although his record indicates that his time has been largely occupied with his own duties, Assemblyman Conway has always found time to take a deep and sincere interest in civic affairs and has frequently gratuitously rendered his services as attorney to various organizations of which he is a member. As a member of the legislative committee of the Central Business Association he was ever alert to advance the business interests of the city of Kingston and was most active in attempting to procure the elimination of the Broadway railroad crossing. Such civic work on many occasions brought him before the common council of the city of Kingston and the state legislature.

Mr. Conway built a four apartment house which he completed in 1931 and in which he now resides with his family. He married Catherine Kenny of Port Jervis in 1929 and they have two children, Mary Catherine, two years old, and James Edward, Jr., six months of age.

McGlynn Was Arrested.
Patrick McGlynn, who is no stranger in police court, was arrested Wednesday night on a charge of public intoxication. This morning he was sentenced to 10 days in jail and the serving of the sentence suspended.

For they can't do it. They only make the bowels and a new movement doesn't get in the case. The reason for your discomfort and being in your bed. It should grow out the glands of the bile into your bowels daily.

If the bile is not flowing freely, your food doesn't digest. It just hangs in the bowels. The bile is the key to your health. You have a weak, not made and your bowels in fact are often found out in the morning. Your bowels are not made and you feel down and out. Your whole system is poisoned.

It takes three good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, invigorating, gentle vegetable extracts, acting when it comes to making the bile flow freely.

November 1, 1933.

They were Never Voted Upon Because They Were Detected by Competent Legislators and Killed in Committee—Mr. Elting's Letter.

Philip Elting, chairman of the Republican County Central Committee of Ulster county, has written the following letter to Robert F. Browning, Democratic candidate for member of assembly, offering to exhibit to Mr. Browning printed bills which have from time to time been introduced in the legislature and which if passed would have exempted in whole or in part from taxes the property of cities, outside their limits, used for water purposes. Had these bills been passed Ulster county would have lost by such exemptions taxes now collected on the New York city water system within this county.

November 1, 1933.

To Robert F. Browning, Esq., West Hurley, N. Y.
My dear Mr. Browning:

Permit me to refer to an article in the Kingston Daily Leader of October 28, 1933, under heading "Browning Challenges Elting Statement."

It is true that I have repeatedly stated that since the construction of the Ashokan Reservoir, bills have, from time to time, been introduced in the State Legislature exempting in whole or in part from taxes the property of cities, outside their limits, used for water works purposes.

I note you say that you "have had a careful investigation conducted and that such investigation has failed to reveal any such bills having ever been voted upon in the Assembly. The records have been thoroughly searched and failed to disclose any vote on a bill of this nature."

During the period above referred to it is common knowledge that numerous bills have been introduced in the legislature affecting this question. Representatives from this county have invariably opposed such measures, and same have generally died in committee.

I have on file in my office a number of such printed bills as introduced, and I will be pleased to exhibit same to you at any time you may care to call upon me.

Very truly yours,

PHILIP ELTING.

Mr. Browning's statement that his investigation failed to reveal any such bills having been "voted upon in the Assembly" is no denial that bills have been introduced in the legislature to exempt reservoir property. Fortunately, as was pointed out recently by the Hon. R. R. DeWitt, such vicious legislation was detected by competent legislators and killed in committee through the action of such men as Ulster county voters have sent to the New York state legislature in the past. In such cases this type of legislation was killed before it ever came to the Assembly for a vote.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL
And You'll Jump Out of Bed in the Morning Rain' to Go

If you feel over and over and the world looks black, don't swallow a lot of salts, mineral water, oil, laxative candy or anything else and expect to make you healthy and energetic and full of energy.

For they can't do it. They only make the bowels and a new movement doesn't get in the case. The reason for your discomfort and being in your bed. It should grow out the glands of the bile into your bowels daily.

If the bile is not flowing freely, your food doesn't digest. It just hangs in the bowels. The bile is the key to your health. You have a weak, not made and your bowels in fact are often found out in the morning. Your bowels are not made and you feel down and out. Your whole system is poisoned.

It takes three good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, invigorating, gentle vegetable extracts, acting when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware of substitutes. 25c at drug stores.
